A three-day course, arranged with academic lectures, interactive sessions and practical hands-on workshops in small groups with lecturers as tutors using phantoms and equipments, is organized by the IBUS Breast Imaging School, and the Breast Unit of Bellaria Hospital - University of Bologna, Italy.

The lectures and workshop sessions are provided by leading International and Italian experts on breast imaging, and the course aims to provide participants with the opportunity to become familiar with recent developments in the knowledge of pathology and technology related to breast imaging that have become increasingly important in this discipline.

The Course has been accredited to the EACCME to provide CME activity for medical specialists. The EACCME is an Institution of the European Union of Medical Specialists (UEMS), [www.uems.net](http://www.uems.net). Through an agreement between the European Union of Medical Specialists and the American Medical Association, physicians may convert EACCME credits to an equivalent number of AMA PRA Category1 Credits™.

The Course has been also accredited to the Italian Ministry of Health for medical specialists (Oncology; Radiotherapy; General Surgery, Gynecology and Obstetrics; Pathology; Nuclear Medicine, Radiodiagnostic) receiving **27.7** credits.

The program is presented in the English language. Comprehensive educational materials are provided.
